Re: Notice of File Closure for Small Mining Activities, Limestone Mesa, S/053/040, Washington County, Utah

Dear Mrs. Cornelius:

This letter is to notify you that file #S/053/040, for the Limestone Mesa project, located in Washington County, Utah, will be retired from our files.

In October, 1999, we received a transfer form signed by you and Mr. Stanford Frehner for this project. We were advised at that time that Mr. Cornelius had passed away. We offer our condolences to you in your loss.

In early November Mr. Frehner advised us that he was late in filing with the Bureau of Land Management (BLM) for these claims; therefore, he is not able to take over this project. Therefore, the transfer is withdrawn. We have since received a copy of a new notice from Mark Carter to operate on this area. This notice was forwarded to us from the BLM. Therefore, we will close your late husband's notice and retire the Division's file, thereby releasing you from any further reclamation responsibilities at this site. Mr. Carter will be the party fully responsible for all mining and reclamation responsibilities at this site.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5382.

Sincerely,

Doug Jensen
Reclamation Specialist
